Index to MACHINERY

A

Abbreviations and Symbols, Standardization of	546	Anderson, W. B., Personal of	254	Bahr, Gustave F.:		
Abrasives, Screens for Sand-blast	478	Andrew, Edwin L., Personal of	581	Draftsman's Combination Scale and Angle	810	
Accidents, Carelessness and	803	Angle, Draftsman's Combination Scale and, Gustave F. Bahr	810	Bailey, M. L., Obituary of	250	
Accidents, Prevention of Power Press. S. N. Bacon	473	Angle-gages, Laps for	224	Baird Machine Co.:		
Accidents, Results of Efforts to Prevent	942	Angle-plate, Coats Universal	739	Six-spindle Chucking Machine	238	
Accounting in the Jobbing Shop, Cost. Ludwig B. Prosnitz	794	Angles, Calculating Resultant	394	Balancing Machine, Gisholt	910	
Accuracy, Unnecessary	356	Angles for Bevel Gears, Cutting	312	Balancing Plant Equipment	23	
Acetylene Generator, Milburn	662	Angular Faced Block, Determining Height of	475	Baldus, P.:		
Acme Machine Tool Co.:		W. G. Holmes	475	Piercing, Flanging and Blanking Die	603	
Cincinnati-Acme Hand Milling Machine	319	Angular Faces, Tool-room Formulas for Locating	966	Ball Bearings in Textile Mills		
Cincinnati-Acme Universal Flat Turret Lathe	402	Holes in Work with	W. G. Holmes	Howard N. Pascoe	90	
Cincinnati-Acme Universal Turret Lathe	488	Angular Work, Button Method of Checking	W. G. Holmes	Ball, Martin H.:		
Adams, Arthur H., Personal of	750	Anti-friction Linschaft Bearings, Tests on	J. F. McGuinness	Tapered Washers for Attaching Hangers to		
Adams, Ogden R., Personal of	332	Apprentice School, Starting an	Warren Ichler	I-beams	399	
Adapters, Design of Machine	604	Apprentices, Examinations for Patent Examiners	217	Holders for Square Tool Bits	986	
Adjusting Milling Machines for High Speeds	972	Apprenticeships	P. C. Molter	Ball & Roller Bearing Co.:		
C. W. Metzger	972	Apron, Pangborn Protective Hood and	493	Centerless Grinding Methods	721	
Adjusting Screws for Universal Chuck Jaws	Joe V. Romig	Arbor for Lathe, Stub	Elmer C. Cooley	Ball Bearings for Railway Equipment	348	
Adjustment for Bushing, End Thrust	George E. Hall	Arbor Press, Greenerd Cam-operated Motor-driven	659	Ball Bearings, "Strom" Double-row Radial	411	
Advice, Free Engineering	274	Armstrong, H. H.:		Ball in the Lathe, Turning a	E. W. Cable	224
Aeronautic Exhibition to be held in Sweden, International	697	Improving Inspection Methods	303	Ball-turning Attachment for Lathe	F. H. Sovereign	
Aeronautical Terms, Glossary of	752	Armstrong, John, Obituary of	586	Balls in Bearings, Assembling	T. Covey	32
Africa, Market for Pumps in South	435	Armstrong-Blum Mfg. Co.:		Band Saw, Oliver Motor-driven	743	
Aikman, Walter M., Obituary of	1006	Motor-driven Hacksaw	323	Band Saw, Racine Metal-cutting	326	
Air Chuck for Irregular Casting	Edward H. Tingley	Arny, Louis W.:		Band Saw with Feeding Table for Slitting and		
Air Compressor Valves Salvaging	Stanley P. Gould	Making Leather Belts Endless	1	Cutting Off	626	
Air Congress, International	637	2	898	Band-sawing Machine, Oliver	572	
Air-dried and Kiln-dried Wood	142	Arrangement of Shop Equipment	1003	Bar Machine, New Britain Sextuple Automatic	327	
Albany Hardware Specialty Mfg. Co.:		Assembly Pres, American Broach and	20	Bar Stock at a High Rate of Speed, Cutting Off	864	
Morgan Hacksaw Frame	746	Assembling Balls in Bearings	T. Covey	Bard-Parker Co., Inc.:		
Aligning a Punch with a Die	Elam Whitney	Assembling by Conveyor	Warren Ordway	Prolonging the Life of Forging Dies	671	
Allen, L. D.:		Assembling Geneva Stop-wheel Mechanism	103	Bardons & Oliver:		
Babbitt Metal	114	Assembling Pistons in Cylinders, Method of	724	Turret Lathes	904	
Selection and Use of Babbitt Metal	211	Walter Cantelo	58			
Allen, W. C., Personal of	164	Assembling Pres, Oiglear Broaching and	651	Barnes Drill Co.:		
Allen, W. H., Personal of	750	Metal-cutting Machine	490	Heavy-duty Gang Drilling Machine	495	
Alloy No. 287, Aluminum Copper	566	Attachment, Ames Dial Gage Universal	71	Barrel for Small Parts, Tumbling	729	
Aluminum-copper Alloy Castings	463	Attachment for Lathe, Ball-turning	F. H. Sovereign	Barrel Sand Blast, Pangborn	322	
Aluminum Copper Alloy No. 287	566	Automobile		Barrels, Combination Clutch and Brake for		
Aluminum Match Plate Patterns, Casting	James F. Hines	Front Axles, Manufacture of	Edward K. Hammond	Tumbling	155	
Aluminum Solders	859	Cylinders, Reborning	George Wilson	Barrett-Cravens Co.:		
Aluminum, the Increasing Use of	971	Reboring	700	Truck Platform	326	
American Broach & Machine Co.:		Front Axles, Manufacture of	Edward K. Hammond	Bartlett, Edwin E.:		
Bench Broach Press	323	Industry's Future	the	Greenerd Cam-operated Motor-driven Arbor		
Vertical Broaching Press	738	Automobile Industry, the British	606	Press	659	
Broach and Assembly Press	828	Numbering Device	616	Bartlett, G. M.:		
American Drop Forging Institute:		Pistons, Centering and Facing	95	Efficiency of Chain Drives	169	
Convention	22	pins in an	280	Bates, Alton N., Obituary of	665	
Steel Treating and Drop Forging Conventions	164	Shop Practice, New Book on	579	Bates, R. E.:		
Annual Meeting	190	Automobile Statistics for 1921	396	Speed-changing Mechanism	137	
American Electric Fusion Corporation:		Truck Rear Axles, Machining	193	Bath & Co., Inc., John:		
Spot Welding Machine		H. F. Blanchard	757	Internal Thread Micrometer	492	
American Gear Grinder Co.:		Automobile Wheels, Making Welded Pressed	757	Bauman, A. H., Personal of	586	
Spur Gear Grinding Machine		steel	757	Bausch Machine Tool Co.:		
American Gear Manufacturers' Association:		Automobiles and Trucks in October, Production	300	Multiple-spindle Drilling Machine	234	
Semi-annual Convention		of	300	Beard Tool Co., L. O.:		
Seventh Annual Meeting		Automobiles and Trucks in the United States	106	Inside Micrometer and Height Gage	239	
Work done by the Standardization Committee		Production of	880	Bearings, see also Ball, Roller, etc.		
American Krom Scale Co.:		Automobiles in Great Britain	80	Bearing Material, Genelite—a New	E. G. Gilson	
Riveting Hammer and Concrete Drill		Automobiles, Production of	7	Bearing, Replacing a Broken	M. E. Duggan	
American Machine Tools in France		Automotive Engineers, Society of:	481	Trunnion	M. E. Duggan	
American Machinery and Tools in Europe. The Future of	A. L. Valentine	Meeting of Automobile Production Men	674	Bearing		
American Pulley Co.:		Annual Meeting	674	Facilitates Production, Redesigning		
Pressed-steel Shafting Hanger		Production Meeting	694	Trunnion	223	
American Saw Filing Machine Co.:		Tractor Meeting	859	Bearings and Bearing Metals	Christopher H. Bierbaum	
Saw Filing Machine		Spring Meeting	833	Bearings, Rollway "Maximum-type"	298	
American Society for Steel Treating:		Automotive Industry, the	833	Bearings, Tests on Anti-friction Linschaft	J. F. McGuinness	
Convention		Centrifugal" Cylinder Hone	830	G. Trunnion	108	
Steel Treating and Drop-forging Conventions		Blanchard	193	Beady & Co., Inc.:		
Annual Meeting		Blanchard	193	Taper Hammer Die		
American Society for Testing Materials:		Axles, Machining Motor Truck Rear	Harold F. Blanchard	Becker Milling Machine Co.:		
Annual Meeting		Edward K. Hammond	939	Cherrying Attachment		
Annual Meeting		Ayr, S. L., Personal of	416	Becker, R. H., Personal of		
American Society of Mechanical Engineers:		Preventing Steel from Warping during the Hardening Process		Beebe, J. H.:		
John Lyle Harrington, New President				Preventing Steel from Warping during the Hardening Process		
Annual Meeting					638	
Annual Meeting				Setting Spirit Level Glass	729	
Spring Meeting				Belgian Design, Nut-tapping Machine of	A. L. Valentine	
Safety Conference				Belgian Engineering Standardization Committee, Work of		
An Opportunity for the A. S. M. E.				Belgium, 1912-1921, Value of Machine Tools and Metal-working Machinery Exported to		
Spring Meeting				Belt, Determining Length of Rolled		
American Tool Works Co.:				Belts, Determining the Length of Rolled	W. F. Schaphorst	
Automatically Oiled Geared-head Lathe				Belts Endless, Making Leather	Louis W. Arny	
Radial Drilling Machine					884	
Tool-room Lathe					898	
American Welding Society, Meeting of				Belting, Standard Tests for Leather		
Amer. Co., B. C.:				Bement, Clarence S., Personal of		
Dial Gage Universal Attachment				Bending Butt-welded Pipe		
Dial Gage				Bending, Hydraulic Bending and		
Ams Machine Co., Max:				Bending Large Pipe	Charles O. Herb	
Manufacturing Pails and Tubs				Bending Machine, Wallace		
Gang Slitter				Bending Overflow Pipe for Automobile Radiator	J. A. Honegger	
Anak:				Bending Roll, Punching Machine and Spacing Table	Cleveland	
Punching Evenly Spaced Holes in Metal Sheets				Bending Rolls, Power Calculations for	A. L. Roberts	
Analyze Steel before Condemning Heat-treatment				Bending Tubing	S. N. Bacon	
Arthur L. Collins				Bennett, James C., Personal of		
Anderson Die Machine Co.:				Berger, Carl F., Personal of		
Hopper Feed for Tapping Machine				Bernitt, Charles E.:		
Anderson, Hugo:				Automatic Feeding Device for High-speed Drilling		
Bench Filing Machine				Berresford, A. W., Personal of		
				Berry, Harold P.:		
				Design of Split Circular Screw Machine Forming Tools		
				Berry, L. K., Personal of		
				Bevel Gear Cutting, Improvised Attachment for		
				Robert Mawson		
					393	

Bevel Gear Cutting, Improvised Attachment for —Correction	500	11	897	Dies for Die-castings:	
Bevel Gears and Pinions, Roughing. Franklin D. Jones	287	12	985	1	369
Bevel Gears, Computing Pitch of. George F. Nordenholt	886	British Specifications for Standard Shafting	460	2	430
Bevel Gears, Cutting. Franklin D. Jones	38	British Standard Pipe Thread and Gage Dimen- sions. Charles G. Spice	271	Metals Used for Die-castings	516
Bevel Gears, Cutting Angles for	312	Broach and Assembly Press, American	828	Carpenter, James M., Obituary of	586
Bevel Gears, Cutting Spiral Type. Franklin D. Jones	204	Broach for Keyseating Hub. George E. Hodges	644	Carr, Clyde M., Personal of	581
Bevel Gears, the Gleason Works System of. F. E. McMullen and T. M. Durkan	227	Broach of Extraordinary Size	628	Carr, Clyde M., Obituary of	922
Bevel Gears with Formed Cutters, Cutting. Franklin D. Jones	363	Broach Press, American Bench	323	Casehardening, Local	59
Bicycle Frame Parts, Making Pressed-steel	184	Broaches, Sharpening Square. George E. Hodges	632	Casehardening with Cyanide Bath	646
Bierbaum, Christopher H.:		Broaching and Assembling Press, Oilgear	651	Cases, Brown & Sharpe Micrometer	329
Bearings and Bearing Metals	298	Broaching Kink. Harry Moore	729	Casey, Herbert D.:	
Bjornberg, S. O.:		Broaching Machine, Lapointe Hydraulic	902	Ten Years of Cooperative Education	861
Quality Control in Gear Manufacture	623	Broaching Machine, Oilgear High-speed	70	Casting Business, Improvement in Steel	604
Black, I. Bernard:		Broaching Press, American Vertical	738	Casting, Contraction and Shrinkage of Metals and Alloys in	622
Follow-die for Piercing, Bending and Blank- ing Small Parts	60	Brown & Sharpe Mfg. Co.:		Castings, New Applications for Steel	605
Centering and Recessing Tool for Automatic Screw Machine	644	Ground Form Gear-cutters	233	Castings, Results of Investigations and Research on Malleable	470
Blanking, Drawing and Piercing Die	970	Speed Indicator	240	Castings, Two Principal Steps in Making Malle- able-iron	682
Blair, David K.:		Indicator Cases	329	Castings with Long Straight Slots, Making Steel	395
The Machine Tool Market in New Zealand	375	Indicator Attachment	494	Castings with Stamping, Replacing	873
Blanchard, Frederic W.:		Screw Machine Products Made in Less than Three Seconds	507	Cast-iron Thermit Welds, Preheating	130
Duplex Coil Spring	983	New Automatic Manufacturing Type Milling Machine	519	Catalogue Indexes should be Complete. N. G. Near	608
Blanchard, Harold F.:		Stainless Steel Rule	579	Catalogue Sizes, Standardizing. Edward Heller	140
Machining Motor Truck Rear Axles	193	Stainless Steel Rule	747	Catalogues Desired in Brazil	856
Blanchard Machine Co.:		Brown, Charles M.:		Catalogues for Mexico, Correspondence and	482
Automatic Surface Grinding Machine	570	Buying Tool Steel Performance	366	Catalogues Requested for Chile	250
Blanchard, Winslow, Obituary of	752	Buying Tool Steel Performance	643	Catalogues Wanted by English Library	622
Blank Diameters for Drawn Shells. W. L. Tryon	349	Two-jaw Chuck with Removable Center	832	Center of Gravity as Related to Volume	812
Blanking and Forming Die. Charles E. Fitz- gerald	380	Brown, John P., Personal of		Center-punch Locating Block. Joe V. Romig	642
Blanking Die for Spacing Collar, Piercing and. J. A. Honegger	223	Brubaker & Bros. Co., W. L.:		Centers, the Development of High-speed Thomas Fish	608
Blanking Die, Piercing and. John A. Honegger	308	Spiral-fluted Staybolt Tap	746	Centering and Facing Automobile Pistons	95
Block, Determining Height of Angular Faced. W. G. Holmes	475	Bruce Eccentric Boring Head	410	Centering and Recessing Tool for Automatic Screw Machine. I. Bernard Black	644
Blount Co. J. G.:		Buckwalter, T. V.:		Centering Machine, New Design of	112
Combination Grinder and Buffer	240	Can Tapered Roller Bearings be Run at High Speeds?	107	Centerless Grinding Machine, Detroit	828
Blow-torch Turner	578	Buethe, Charles H.:		Centerless Grinding Methods	721
Bock Bearing Co.:		Determining the Diameter at the End of a Tapered Rod	57	"Centrimitic" Cylinder hone	830
Inspecting Bearing Rollers by Machine	94	Buff, Blount Combination Grinder and	240	Cerium, as an Alloy Metal, Effect of	283
Bolt and Cap-screw Shaving Machine. Cook	329	Buffing Lathes, Mitchell Polishing and	78	Chain Drives, Efficiency of. G. M. Bartlett	169
Bolt and Rivet Header, National Automatic-feed Semi-hot	575	Buffing Machine, Hisey-Wolt Grinding and	1000	Chambers Engineering Co.:	
Bolts, Standardization of Nuts and. Andrew J. Schwartz	344	Buffing Wheels, the Manufacture of. Bradford H. Divine	881	Punching and Shearing Machines	151
Bolts, Stud. Leroy M. Curry	113	Bulging and Bending, Hydraulic	381	Change-gears for Fixed Centers, Designing. H. H. Manning	799
Book Review:		Bullard Machine Tool Co.:		Chapman, Floyd M., Personal of	581
Automobile Shop Practice	579	Pipe Coupling Boring Machine	315	Chapman Electrical Works, P. E.:	
Booth Electric Furnace Co.:		Hand-feed Levers on Bullard "Maxi-Mill"	746	Soldering Machine	494
Electric Melting Furnace	819	Bultman Co., F. H.:		Chart, Easy Method of Reading a. N. G. Near	950
Borgeson Tool & Machine Co., Inc.:		Fatigue Testing Machine	654	Chart for Determining Speeds and Feeds for In- ternal Grinding. R. L. Morgan	815
Boring and Reaming Fixture for Watch Plates, Drilling	328	Bureau of Standards, the Work of the	439	Charushin, V.:	
Boring and Turning Machine, Continuous	639	Automatic Tapping Machine	325	Dimensions for Wrench Pockets	138
Boring Automobile Cylinders. Re. George Wilson	700	Heavy-duty Bench Drilling Machine	325	Chatter Marks, Cause of	11
Boring-bar Head, Adjustable. J. T. Longdon	811	Motor-driven Bench Drilling Machine	1001	Check Marks on Steel Tools	398
Boring, Chuck for Holding Round Work While. Victor Hugo	888	Burlingame, Luther D.:		Checking Drawings. William H. Kellogg	399
Boring Equipment, Underwood Portable Cylinder	825	Screw Machine Products Made in Less than Three Seconds	507	Cherrying Attachment, Becker	73
Boring Head, Bruce Eccentric	410	Burnishing Machine for Crankshaft Bearings	507	Chile, Catalogues requested for	250
Boring Head, Elllund Adjustable	78	John E. Collins	772	China, Industrial Machinery in	922
Boring Machine, Builder of Cylinder	418	Burnishing Piston-ring Grooves. H. G. Frantz	307	Chrobatic Tool Co.:	
Boring Machine, Bullard Pipe Coupling	315	Burroughs Co.:		"Fire-Arm" Containers	931
Boring Machine, Large Gear Cut with a Hor- izontal	306	Making Steel Molds by Hobbing	936	Chromizing	899
Boring Machine, Niles-Bement-Pond Car-wheel	820	Burton, Harry:		Chuck for Holding Round Work while Boring. Victor Hugo	888
Boring Machine, Semi-automatic Cylinder	324	Formula for Finding Crest Radius of Whit- worth Threads	982	Chuck for Irregular Casting, Air. Edward H. Tingley	53
Boring Machine, Storm Portable Re- pair	411	Bushing, Combination Spot-facing Tool and Drill.		Chuck, Foster-Barker Wrenchless	662
Boring Tool, Hand-operated	747	Charles S. Culver	57	Chuck, Jaws, Adjusting Screws for Universal. Joe V. Romig	729
Borkenhagen, John J.:		Bushing, End Thrust Adjustment for. George E. Hall	809	Chuck, Quick-change Drill	241
Spreading Tool for Split Cotter-pins	58	Bushings, Danly Standard Leader and Dowel-pins and	997	Chuck, Rockford Spring	329
Drill Jig for Gas-burner Pipe	641	Bushings on a Vertical Drilling Machine, Machin- ing. John J. Borkenhagen	807	Chuck, Supplementary Jaws for Boring Mill. Joe V. Romig	896
Gas-heated Soldering Iron	728	Bushings, Standardizing Bearing	188	Chuck, Thomas Wrenchless	414
Machining Bushings on a Vertical Drilling Ma- chine		Business Conditions, Improvement in. British	1006	Chuck with Removable Center, Two-jaw. E. S. Brown	643
Tool-room Drawings		Business, the Upward Trend of. A. W. Henn	775	Chucks, Spinning. D. C. Oviatt	388
Boston Hammer Co.:		Business Courtesy	970	Chucking Machine, Baird Six-spindle	238
Drop-hammer	664	Business, the Upward Trend of. A. W. Henn	775	Chucking Over-size Pistons	484
Bosworth, Fitch S., Personal of	502	Button Method of Checking Angular Work. W. G. Holmes	605	Churchill Machine Tool Co., Ltd.:	
Bowman, Henry R.:		Buying Tool Steel, Thomson	414	Cylinder Grinding Machines	740
Degree of Curvature	394	Buying Tool Steel Performance. Charles M. Brown	366	Cincinnati Gear Cutting Machine Co.:	
Locating the Decimal Point in Slide Rule Calculations	414	Buying Tool Steel Performance. R. Poliakoff	515	Simplified Gear-hobbing Machine	733
Box & Co., Inc. Alfred:		Byrne, Louis W., Personal of	254	Cincinnati Lathe & Tool Co.:	
"Load Lifter" Electric Hoist	243	C		Geared-head Lathes	74
Box-rails and Stringers, Midwest Steel		Cable, E. W.:		Cincinnati Planer Co.:	
Box Turning Tool Equipped with a Cross-slide.		Turning a Ball in the Lathe	224	Open-side Planer	406
J. H. Davis & Joseph Demmer	476	Cable, Herbert W.:		Cincinnati Shaper Co.:	
Boxes, Metal Straps on	541	Arrangement of Information on Drawings	348	Power Press Brake	153
Bracket, Making a Mold for a Large. M. E. Duggan	283	Cable Reel, Forbes & Myers	328	Circles, Determining Length of Tangent to Two:	
Brake, Cincinnati Power Press	153	Cadwallader Jr., H.:		W. G. Holmes	395
Brake for Tumbling Barrels, Combination Clutch and	154	Standardization of T-slots	62	Clamp, Adjustable Reaming. Elmer C. Cooley	983
Brake, Stabilizer for Prony. J. W. Rockefeller, Jr.	768	Calculator, Gilson Circular	161	Clamp for Work-holding Fixture. F. Server	727
Brake, Whiting Solenoid	413	Cam-drilling Attachment. J. E. Collins	699	Clamping Arrangement for Punching Die. Stock- R. H. Kasper	875
Brandt, E. C., Personal of	416	Cams, Design of Harmonic. C. O. Rhys	934	Clamping Device for Dresses Radial Drilling Ma- chines. Power	69
Brass, Lubricants for Drawing	812	Cam Slot in a Reference Gage, Grinding a. W. H. Keefe	443	Clark, Reginald, Personal of	750
Brass Melting, Electric Furnaces for	464	Cams, Milling Profile of Small Internal. Charles S. Culver	56	Cleaning Tapped Holes after Hardening. Floyd Graves	811
Brass Stock, Cutting Off. George L. Lind	311	Campbell, Inc., A. C.:		"Cle-Forge" Drills	831
Brazil, Catalogues Desired in	856	Nibbling Machine	233	Cleveland Armature Works:	
Breedon, William, Personal of	1006	Canada, the Water Power of	932	C. A. W. Electric Grinders	489
Bridges, Use of Motion Pictures in Advertising American	783	Cantelo, Walter:		Cleveland Automatic Machine Co.:	
British Automobile Industry, the	616	Method of Assembling Pistons in Cylinders	58	Double-end Threading Machine	67
British, Business Conditions, Improvement in	1006	Cap-screw Shaving Machine, Cook Bolt and.	329	Cleveland Instrument Co.:	
British Metal-working Industries, the:		Car Shortage, Prevention of	885	Electric Recording Pyrometer	
1	19	Carbon in Tool Steel, Amount of	646	Cleveland Punch & Shear Works Co.:	
2	145	Mechanical Transmission of Power:		Bending Roll, Punching Machine and Spacing Table	818
3	187	1	85	Cleveland Twist Drill Co.:	
4	313	2	201	"Cle-Forge" Drills	831
5	355	Carburetor Body, Inspection Gage for. Robert Mawson	642	Cleveland Universal Jig Co.:	
6	442	Carling Tool & Machine Co.:		Universal Drill Jig	823
7	523	Multi-angle Sine Plate	164	Clippings, Convenient Method of Filing	664
8	647	Carlson Plier	827	Clough, Raymond M.:	
9	692	Carlton, L. F., Personal of	416	Cylinder Refinishing Machine	656
10	778	Carman, A. G.:		Clutch and Brake for Tumbling Barrels, Combi- nation	155
		Equipment for Making Die-castings	261	Clutch, Conway Expansion	827
